Note on verification. Sources were compiled from four research briefs and checked against the Crossref API, publisher abstracts (Europe PMC, PubMed), and the primary documents themselves (agency reports, statutes, datasets, and full texts) on November 8, 2026. URLs and DOIs are given as they appeared in those sources. Entries marked "[details unverified]" are cited works whose bibliographic details (for example, page ranges or full author lists) could not be fully confirmed.
